

# ★ Fun zones ★

Fun Zones are the newest addition to Camp Discovery. Each child will choose two activities to explore in depth over the summer. At the end, we will hold a special event showcasing their talents! Below is a brief description of each Zone.

 **play** The most important thing we can do in sports is play well and play with integrity. In this zone you will play tons of fun games and learn how to compete while being a good sport.

 **paint** Are you creative? This zone will help you learn to express your creativity in fun ways. Don't forget to bring an extra shirt, it could get messy!

 **drum** If you like music, this zone is for you! In this zone you will learn how to be creative in making music with some everyday objects around you. Whether you are just beginning or an advanced drummer, you are sure to love our "Stomp" - style Drum Zone.

 **dance** Do you like to bust a move? In this zone you will practice some fancy footwork and learn some new dance moves. You will even perform for all of the parents and students at the end of the summer.

 **drama** Calling all drama queens and comedians! In this zone you will explore various aspects of theater and performing. You will get in touch with your silly side and practice your acting skills.

 **snap** This zone is for shutterbugs only! You will learn the basics of photography and explore the world around you to get the best shots. You will also create an exhibit for parents and students to view.
